

## NewTown DJ's TOP 200 MUSIC LIST

Obviously one of the most critical parts of being a world-class DJ is having the music selection to please all tastes and preferences. It has been our experience that this is not THE most important feature however -- amassing a large music collection is not exceptionally difficult -- with time and money, any DJ can do it. We believe that what sets us apart is an uncanny ability to "keep the vibe" on the dance floor strong all night long. We achieve this by "playing the crowd, not just the music," meaning that we are constantly sensitive to the mood on the floor. We pay close attention to the crowd, and play just the song they want to hear next -- be it slow, fast, dancy, relaxing, a classic, and so on -- and of course, we LOVE getting requests. If there is a song that you want but it is not here, let us know and we will try our best to get it for you.

Below is a sample of the top 200 songs we've played in 2002, and you can click here to see even more! This is just a small list of the music we have available.

We try to keep this list up to date, but as we are constantly updating our music library some of our newer songs may not be listed.
